## GIVES HIS LIFE TO SAVE A GIRL

Self Sacrifice of a Cripple for Person He Never Saw Resulted Fatally

Gary Ind., Oct. 18.—"I guess I'm some good—after all." Billy Rugh, the 41 year old cripple whose withered leg was amputated to save the life of a girl by a skin grafting operation at a hospital here spoke these words this morning and then died.

Pneumonia was said by the physicians to have been the cause of death. The ailment, however, resulted directly from his self sacrifice having been due to irritation of the lungs by the ether that was given him when his leg was cut off, to furnish skin for the body of a person whose he had never seen.

Rugh had no relatives and since coming to Gary a tramp several years ago he had made his living selling newspapers on the streets. He had to be trusted for the first hundred of papers with which he started business.

The girl, Miss Ethel Smith, for whom he sacrificed his leg and later his life, had been terribly burned in a motor cycle accident. It is just two days since her recovery advanced sufficiently to permit her removal home from the hospital in which Rugh died.

## RESULTS TELL

There Can Be No Doubt About the Results in El Paso.

Results tell the tale. All doubt is removed. The testimony of an El Paso citizen can be easily investigated. What better proof can be had? Mrs. L. Griner, El Paso, Texas, says: "We use Doan's Kidney Pills in our family whenever we need a kidney medicine. It gives me the greatest pleasure to confirm the public statement I gave in their favor some years ago. I have induced many people to use this preparation and they have always come back to thank me for doing so. I consider it a duty to tell how effective Doan's Kidney Pills had been after doctors had failed. One of our relatives was so that there was no hope for him as he was a victim of kidney complaint. Doan's Kidney Pills, however, saved his life and this person is now healthy." For sale by all dealers. Price 50 cents. Foster-McBirn Co., Buffalo, New York, sole agents for the United States. ## DO TYPEWRITER USERS REALIZE

how much time is lost through needless hand adjustments on the ordinary machines?

Do you realize, for example, how much time is lost in ordinary letter writing by the hand adjustments of the carriage necessary to write the date, the address, indent the paragraphs, write "yours truly" and address the envelopes?

**THE COLUMN SELECTOR** of the Model 10 REMINGTON eliminates these hand adjustments—absolutely. A single touch on one of the **SELECTOR KEYS** brings the carriage **instantly** to the exact point on every line where the writing is to be done.

And this is only one of the many labor saving features of the

## GET RID OF RHEUMATISM

Rubbing with liniments, blistering the affected parts, plasters, etc., are usually helpful in relieving the pains and aches of Rheumatism, but such treatment does not get rid of the disease, because it does not reach its source. Rheumatism comes from an excess of uric acid in the blood. This acid circulating through the system acts as an irritant to the nerves, muscles and joints, and produces the inflammation and swelling, and sharp cutting pains characteristic of the trouble. Then Rheumatism becomes chronic and not only a painful but a dangerous disease. S. S. S., the greatest vegetable remedy, goes into the circulation, neutralizes and removes the uric acid, and by building up the thin, sour blood, safely and surely cures the disease. S. S. S. makes rich, nourishing blood, which quiets excited nerves, eases the painful muscles and joints and filters out every particle of irritating uric acid from the system. Book on Rheumatism and any medical advice free.
